Domestic Prices for Chromaline Stencil Products

Effective Date January 1, 2019

Member of SGIA, SPTF, & Founding Member of NASMA

AN **IKONICS** COMPANY

ISO 9001 CERTIFIED

NASDAQ LISTED: **IKNX**

ORDER INFORMATION

Our order desk is open from 8:00 A.M. to 4:30 P.M. Central Standard Time. Use our toll-free customer service: 800-328-4261.

PRICES

- All prices FOB — Duluth, Minnesota
- All prices are subject to federal, state and local taxes.
- All prices subject to change without notice.

CUSTOM CUT SHEETS & WIDE ROLLS

Pricing for custom cut sheets is based on individual sheet size. To find appropriate price, calculate number of square inches for dimensions of one sheet. Prices based on 100 sheets per box. Minimum order of \$150 applies for each sheet size requested, per thickness. Minimum sheet size: 100 square inches. All 52" wide rolls are considered custom non-stock size. Allow up to 5 working days before shipping.

WARRANTY

Chromaline guarantees its products are free from defects and will replace, without charge, any material shown to our satisfaction to be defective at the time of sale. Materials are sold with the understanding that purchasers will independently determine the suitability of the materials for their purposes.

SPECIAL ORDERS

Custom slitting and other special requests require factory approval and are non-refundable.

IDEAL STORAGE CONDITIONS

Storage temperature range: 65-75°F
Storage temperatures to avoid: Below 35°F; above 75°F
Transportation temperatures to avoid: Below 35°F; above 90°F

MAXIMUM STORAGE TIMES

Capillary Films	24 months
Diazo & Dual Cure Emulsions (unsensitized)	12 months
Pure Photopolymer Emulsions	24 months
Chemicals, Acculinks	12 months

SHIPPING

Orders are shipped as follows, except when otherwise agreed:

- Stock items: Next working day.
- Cut sheets & 52" wide rolls: Up to 5 working days.
- Custom slitting or other specials: Up to 10 working days.
- Non-stock products and drums: Up to 10 working days.
- Rush order for stock items: Goods shipped same day if order is received before 1:30 P.M. CST. Shipping via UPS Next Day, UPS 2nd Day or Federal Express Priority, Standard, or 2 Day.
- Winter shipping: Shipping service may be affected by weather.
- Chromaline will not accept third party bill of lading for hazardous materials.

CLAIMS/RETURNS

1. All return products must be pre-approved by Chromaline and have a Return Merchandise Authorization (RMA) number before any credit is given.
2. Non-defective products returned up to 60 days of invoice date will be charged a 15% restocking fee.
3. Non-defective products returned after 60 days and before 90 days past invoice date will be charged a 30% restocking fee.
4. Order returns will not be accepted past 90 days over invoice date.
5. Shipping charges for returned product are the shipper's responsibility.
6. All product shipped back to Chromaline must be reasonably packaged and display the Return Merchandise Authorization (RMA) number on the outside of the package(s).
7. Custom cut sheets, private label, or custom made products will not be issued a Return Merchandise Authorization (RMA) number and will not be accepted.
8. Chromaline products that were erroneously shipped or defective will be issued a Return Merchandise Authorization (RMA) number and will not incur service or shipping charges.
9. Product returned to Chromaline for testing must have a Return Merchandise Authorization (RMA) number. If it is determined defective, Chromaline will either replace the product or issue appropriate credit.
10. Products must be returned within 30 days of receiving RMA number.

HOW TO READ LOT NUMBERS

1. The first letter indicates the year the product was manufactured. For example:
L = 2017, M = 2018, N = 2019, etc.
2. The next three digits indicate the day of the year:
001=January 1st, 152= June 1st, etc.
(Example: A product with lot number beginning with N012 was manufactured on January 12, 2019).
3. Digits after these are for internal use only.

FREEZE PROTECTION REQUIREMENT

Any shipment which includes products categorized as non-freeze/thaw stable will require freeze protection during transit. This includes all photoemulsions, Chroma/Block Out 750, TexTac II, Acculink and Stencil Remover 285.

Example calculation for Razor 18 list price: 15" x 17" x 100 sheets x \$0.01261 = \$321.56 per box

QUICK FILM

Quick Film is a pre-cut, ready-to-use, red photopolymer capillary film for plastisol inks; designed for faster screen turn-around times.

PRODUCT	SIZE	BOX QTY	LIST PRICE EACH
QUICK FILM	15" x 17"	10 sheets	\$29.95
QUICK FILM	15" x 17"	50 sheets	\$100.00

PRESENSITIZED FILM**SUPER PHAT FILM**

(For applications requiring heavy ink deposits)

Chromaline's Super PHAT film enables you to create a consistent, high quality, thick stencil every time. Super PHAT film is ideal for use with high density inks or applications that require a heavy ink deposit. Suitable for textile, electronics and industrial printing applications. Undyed only.

PRODUCT	SIZE	CASE QTY	LIST PRICE Each
SUPER PHAT 100 MICRONS	26"x7' roll	4	\$200.29
	8"x10" (2 sheet trial pack)	1	\$30.00
